## 2012 NIMS COMPLIANCE FORM

**To: The Mississippi Office of Homeland Security  
1230 Raymond Rd.  
Jackson, MS 39204**

**Attn: Office of Grants**

**Homeland Security Directive 5 mandates governments shall implement a consistent system for working together during incidents or events. The National Incident Management System (NIMS) has been designed to provide effective incident and event management. NIMSCAST has been designed for recording said NIMS compliance. Mississippi under Executive Order #932 established NIMS as the standard for incident management within the state. Department of Homeland Security/Federal Emergency Management Agency guidance provides that accepting grant funding is conditional on compliance with NIMS. This jurisdiction attests that we continue to strive toward NIMS compliance as provided under federal and state NIMS guidance. This jurisdiction also attests that compliance shall be correctly recorded within the NIMSCAST tool. This jurisdiction understands receiving and/or using Homeland Security grant funds remains conditional upon successful participation in respect to NIMS compliance and reporting. Non-compliance of NIMS can result in Homeland Security dollars being withheld from or drawn back from our jurisdiction because of ineffective NIMS support and participation.**
